ABOUT US

Mind, Body & Salt was founded when we decided we wanted to be able to read, pronounce, and recognize all of the ingredients on a skin care label. Unable to find acceptable, high quality products in stores, we began making our own body scrubs, bath salts, and skin moisturizers. We started making products we were comfortable using on ourselves, and our children. It was a lesson from our own childhood that kicked in right about that time: "If you're going to do it, do it right, and do it well."

The array of skin care needed to be more than just all natural, it needs to be highly effective. After several months of recipe testing and countless product revisions we began to offer the products to the public. Our goal was to offer products that had two noteworthy traits:

First, all ingredients come directly from recognizable, natural and/or organic and sustainable sources.

Second, all products must be superiorly effective.

The available line of products has expanded, and the quality is at its very best. We have spent long hours creating and testing the products to produce the most unique blend of salts, oils, herbs, spices and flowers. We bring you the highest quality bath and body treatments using only the best ingredients. The underlying guideline is "If we won't use it for our families, we won't sell it."

Look around at the options available to you for skin care. What's really in that facial mask that's ever so close to your eyes? What's in the body scrub that gives your skin that warm glow? What's in the lip balm that you taste every day? Isn't it frustrating when you have no idea what an ingredient is, or why you're using it? Now, look at what Mind, Body & Salt uses to keep your skin healthy and clean.

What kind of natural do you do?

EVERY INGREDIENT WE USE IS ALL NATURAL & SKIN FRIENDLY

LABEL CUSTOMIZATION

At Mind, Body & Salt we are happy to customize and personalize any of our product labels for any special occasion. Whether it's a wedding, birthday, shower, graduation, or special gift, we can add that personal touch you need. We can also customize the label color, to compliment whatever color palette you love best.

CO-BRANDING

If you are interested in carrying our products at your place of business, or would like to feature your company name on our products, we would be happy to discuss the opportunity with you. At Mind, Body & Salt we are here to provide top quality products with the added benefit of advertising both your business and ours.

SCENT CUSTOMIZATION

If you are looking for one of our products in a particular scent that we don't normally carry, please feel free to ask for it. We have a wide variety of essential oils, which allows us to mix and match in any way you desire. If you are unsure of what scents are a good fit for you, we will gladly recommend scent combinations that will fit your needs.
